MODRINI, Dr.

57-58 years old; according to source a convinced anti-Fascist / when in Vienna 10 years ago, Fernandas SPETTECH (ITALY) was his secretary / visited source just before latter's departure from Italy: said that Italy's last chance of drop out of war was gone and that the complete end of Italian Government was to follow; was convinced of eventual Axis defeat; recalled that Italy tried to make peace with Britain in November 1940, and that King and Mussolini (seeing that everything was lost) were behind this movement / source thinks he may be working in Italian consulate in Vienna doing counter-espionage for Italy, a job he has had for many years.
